MYWALIT

Heritage, colour and evolution; these are the values at the core of MYWALIT. From the streets of Lucca, Italy to the international stage, we've come a long way since our humble beginnings. As an international brand with connections across the globe, we choose partners and inspiration that epitomise not only our attitude towards design but our direction for the future.

We offer product that is designed with thought and creativity, to bring a pop of unique energy to the everyday. For us, it's in the details; high quality materials, continually evolving finishes, thoughtful colour selection and application. These are the tangible features that speak to our core.

Our founding principles are the qualities that define our work. Our goal is to continually develop our brand in a manner that is synonymous with the playful sophistication our customers live by; to create the most desirable products that inspire and bring value to our community.

We can't wait for you to explore our world of colour and design.

We introduce our new logo

For the past 15 years MYWALIT has brought beautifully crafted, colourful pieces to the world. We offer product that is designed with thought and creativity, to bring a pop of unique energy to the everyday.

As our brand evolves for the future we feel that our logo should too. That's why this season we are excited to introduce you to the new MYWALIT elephant.

Featuring a modern, elegant design the logo keeps the tradition of our past while stepping into the future.

We felt it important to keep the luck of the elephant on our side. That's why we've kept the iconic MYWALIT symbol with an added unique twist. Ensuring our heritage is respected, yet not holding us back.

A continuous line creates the sleek look of our new elephant, highlighting the continuity of our brand and our new modern direction; an ideal symbol for a bright future.

Our new logo presents the perfect backdrop for our love of colour to continue to shine. With a range of amazing new products and colour placements on offer this season and throughout the future of MYWALIT, we are excited to bring you this next chapter of the MYWALIT story.

Please note*: The official launch of our new Logo will coincide with the Autumn–Winter 20/21 season release, however you will begin to see our new logo on all new pieces offered this season.

An important piece of MYWALIT history our vintage colourful elephant will be making his final appearance this season and can be found on select pieces throughout the season.

This season we head back to our roots with Italian inspiration. From the rolling hills to the grand canals of Venice we've reached across the country, drawing on its beauty, and of course, colour.

New Colours

With three new colourways, this season brings depth, style, and sophistication to our range.

BURANO

Designed with sophistication and energy, our new colourway brings a pop of fun to your every day.

Inspired by the beautifully painted houses of Burano Island this colourway features our new colour blocking for a modern, sophisticated look with a pop of playfulness. Highlighting our considered and incredible attention to detail are contrasting colour seams and stitching.

OLIVE

A new addition to our existing palette, this luxurious colourway adds a touch of green to the mywalit family.

What is more quintessentially Italian than a beautiful olive grove at sunset? This gorgeous image is the backdrop for our luxurious Olive colourway.

Fall in love with this exquisite colour combination and our Italian heritage all over again.

PUGLIA

This season brings about an exciting new step with the introduction of a neutral colour palette. Designed for a modern MYWALIT customer the Puglia collection combines beautiful neutrals with rich and bright colours to create stunning pieces.

From its ancient towns heaving with history, to golden-kissed streets, seas of olives, and food the equal of any in Italy – the Puglia region serves as the perfect inspiration for our newest colourway. Step into history and quiet sophistication with Puglia.

*Black Pace will still be available for SS 20, Burano is an additional colourway.

VENICE CAPSULE COLLECTION

BLACK (3)

NAVY (20)

Introducing our new Capsule Collection. A unique design that combines the beautiful iconography and history of Venice. Its graphic tone and playful note bring excitement to this exclusive collection.

This collection pays tribute to the gondoliers and their craft.

Did you know?

The gondola poles of Venice were once used to spot Palazzos in the dark. Their vibrant colours represented the families of note that resided in such palaces. Now they are a staple of the vibrant Venice landscape, calling back to an era of high colour. We think they are the perfect inspiration for our first capsule collection.

Introducing the Venice Collection: Bold, graphic, playful. Available for a limited time.
